1. The Defense previously indicated that Specification 13 of Charge II references 125 diplomatic cables – it actually only references 124. Additionally, only 8 of the 124 cables listed in the charged documents were not part of the OCA's classification review. Bates number 00377526-29, part of the charged documents, refers to the previously believed missing 07BAGHDAD42 cable.

2. Nothing contained in this notice should be construed in any manner as a concession by PFC Manning or his Defense that the listed items are appropriately classified pursuant to Executive Order 13256 or that the disclosure of such information would be detrimental to the national security.

Respectfully submitted,

DAVID EDWARD COOMBS
Civilian Defense Counsel
